QUARTZ TILE IN SCHOOLS

Rikett Quartz Tile has a proven track record in school applications. Especially in dormitories, student centers, corridors, classrooms, cafeterias, gymnasiums, libraries, offices and loading docks.

Rikett Quartz Tile creates welcome and practical spaces where students and staff will thrive. This durable, long lasting quartz tile floor comes in four different running line patterns, which all work together with coordinated neutral field color palettes and vibrant accent colors. We also offer a set of “school colors” designed to match familiar school and university colors.

Quartz-strong tile provides superior durability:

- Homogenous, no color wear through
- Highly resistant to impact and indentation
- Resists scratches
- Flexible, highly resistant to cracking

Additional benefits of Rikett Quartz Tile:

- Dimensional stability – up to 3,500 psi
- Green Certified – Low VOC’s
- 100% recyclable
- Easy to clean and maintain
- Contributes to LEED credits
- 20 year limited warranty

Of note:

- RQT is manufactured with 70% natural quartz minerals, which make it a very hard, durable and dimensionally stable tile that will not break or tear like other floor tiles.
- Large format tiles sized offer a premium visual and design flexibility. Larger tiles install faster and have less seams. Designers love the vibrant colors and coordinated solid and chip pattern product lines.
- RQT can be used in heavy commercial and industrial applications. It has up to 3,500 PSI. Its excellent dimensional stability resists shrinkage, reducing seam gaps where bacteria might hide. RQT does not promote the growth of infectious organisms.
- Rikettseal™ enhanced, commercial grade UV cured polyurethane coating provides for a durable, low-cost, no wax, easy maintenance flooring surface. Can be recoated, if needed.
- Rikett offers a 1-year product defects and a limited 20-Year wear-through warranty.
